

# CARING AND CAMPAIGNING FOR OUR COMMUNITY

**At the 2019 District Council election, North Kesteven Conservative candidates stood on a program of 5 promises. We'd asked you what you wanted - and you told us. And we promised to deliver. We stand by our promises, so our election manifesto is set out below. We're happy to be judged on how well we do!**

## **PROMISE 1 PROSPERITY AND JOBS**

You know that a strong local economy means prosperity and security for hard working families. You told us you wanted job security for you and your children. We've delivered the strongest district economy in the Midlands. Best for job creation, best for quality employment, best for investment, best for career opportunities. We have delivered new employment sites throughout the district, creating thousands of good jobs. And that means the best life chances for our hard working residents - for this generation *and* the next.

## **PROMISE 2 HEALTH AND WELLBEING**

You told us that the NHS needs action not just words. Conservatives at North Kesteven are pioneering new, smarter ways of working in partnership with the NHS. To bring more developer money into our GPs' surgeries. More accessible health provision directly into our communities. Better health results for your children, families and older people. Your local Conservatives are backing our NHS with action, not just words - we ARE making a difference!

## **PROMISE 3 HOMES—BUILDING COMMUNITIES FOR OUR FUTURE**

You told us that you only wanted new houses built in the right place at the right time. Our new Local Plan took back control from the big developers. You wanted good housing for local people and we're delivering it. Not just houses - real *homes* in real communities. With affordable homes and council houses for those not able to buy. The *Infrastructure First* campaign makes sure any new housing has the roads, schools and surgeries we all need. We've fought against bad developments blocking speculative building that harms our communities. We'll only allow the right homes in the right places.

## **PROMISE 4 QUALITY OF LIFE**

You told us that it is critical that you feel safe in your homes and that the streets are safe for your children. We are proud to confirm that North Kesteven is **still** the safest place to live in the whole of England. Local Conservatives believe that quality of life really matters. To encourage active, healthy families we've invested in award winning sports centres like Sleaford Leisure and 1NK. Backed village playgrounds and sports fields. Wellbeing and facilities grants for our older people. For all places and all ages, we've worked to make North Kesteven a great place to live - and nine out of ten of you agree!

## **PROMISE 5 QUALITY SERVICES—INVESTING FOR TOMORROW**

You told us that you wanted quality local services and low council tax. We've delivered both - we never forget it's your money! And because we have sound finances we can invest in our District's future. £200 million in the next ten years. In new homes, new employment sites, new leisure facilities, new infrastructure and supporting our NHS.

*Local Conservatives believe in building a great future for our great District.*

**LOCAL ISSUES. LOCAL ACTION. LOCAL CONSERVATIVES**
